

ARMAN HOSSAIN

FULL-STACK WEB DEVELOPER.

PROFESSIONAL PROFILE

Hi, I'm Arman, and I am a Full Stack Developer with a passion for modern technologies and I specialize in using PHP, JavaScript, Node.js, React.js, Laravel, and other headless technologies to create intuitive and scalable web applications. I work smoothly under deadline pressure and constantly improve my skills. I am an easy person to integrate into a team and am responsible enough to work with no supervision. I am hard-working and I want to learn continuously. I am a client-oriented full-stack web developer. I'm interested in developing problem-solving skills that can help me spread my knowledge.

EDUCATION

University of Information Technology & Sciences

B.Sc of computer science and engineering (CSE)

WORK EXPERIENCE
