Summary

As an experienced WordPress expert and web developer, I have been designing and developing websites on the platform since 2016 and have helped clients achieve their online goals through customized website solutions. Also, i am dedicated to solving complex technical problems and delivering exceptional web experiences for clients. I specialize in WordPress development and customization, leveraging my technical skills and problem-solving expertise to create scalable, efficient, and user-friendly websites. I thrive in fast-paced environments and enjoy collaborating with cross-functional teams to bring ideas to life.

Skills:

1. Expertise in custom wordpress development and customization.
2. Strong problem-solving skills and ability to troubleshoot technical issues.
3. Proficient in HTML, CSS, JavaScript and PHP.
4. Strong understanding of responsive design and cross-browser compatibility.
5. Experience with popular front-end frameworks such as ReactJS and VueJS.
6. Familiarity with Git and Agile development methodologies.

Overall, I am a detail-oriented and dedicated web developer with a passion for building cutting-edge websites that deliver results for clients. With my proficiency in WordPress and my strong problem-solving skills, I am committed to delivering innovative solutions that meet the unique needs of each project I work on.
