

ABIR HOSSAIN ZIHAD

Front-End-Developer

About Me

I am an enthusiastic WordPress developer eager to contribute my skills. Proficient in HTML, CSS, JavaScript, React, and Bootstrap, I bring a solid understanding of these technologies to the table. My commitment to learning and adapting to new challenges is evident in my hands-on experience with WordPress.

LANGUAGE

- Bangla
- English
- Hindi

EXPERTISE

- HTML
- CSS
- JAVASCRIPT
- REACT
- BOOTSTRAP
- WORDPRESS
- GIT/GITHUB
- API INTEGRATION
- DEBUGGING

EXPERIENCE

- **Collaborated with the design team to transform wireframes and prototypes into interactive web interfaces that adhere to the latest design standards and principles.**
- **Developed responsive websites that deliver an exceptional user experience on a variety of devices and screen sizes.**
- **Utilized modern front-end frameworks (React, Angular, Vue.js) to build dynamic and data-driven web applications.**
- **Worked closely with back-end developers to integrate front-end interfaces with server-side logic and databases.**
- **Successfully customized themes for diverse industries. Implemented custom post types and templates to accommodate unique content structures.**
- **Integrated third-party plugins seamlessly into customized themes, expanding functionality while maintaining performance.**
